Beauty that Transforms

Our love story

human♥nature began as an act of faith in God and love for the Filipino. This is why we keep giving the best of our talents and resources to transform the lives of the working poor, in every way we can: No firing policy. Dignified pay beyond minimum wage. Rest day for all on Sundays.

Each product we create is a pledge to this mission to help bring Filipinos out of poverty and build a strong, new, inclusive middle class. By teaming up with an army of brilliant social entrepreneurs from all over the nation, we aspire to step up, scale up, and lead whole communities of workers, farmers and crafters toward the vision of a first-world quality of life for all.

Anna Speaks

Dear Human Nature Advocates,

Everyone is looking forward to a fresh start in 2020 but before we forego the old and head straight into the new, I'd like to look back at the **many wonderful milestones we experienced in 2019:**

- We opened the **Human Nature Daycare Center** where working parents can entrust their children to early childhood teachers.
- In a big step towards decreasing our plastic waste, Human Nature opened **homecare refilling stations in 3 strategic locations.**
- We've brought our **#MainstreamRefilling advocacy to the attention of not just our government but the entire Southeast Asian states** who want to adopt refilling!
- On our 11th year, we finally **opened Human Nature brand experience stores in major malls** while still retaining our *No-work on Sundays* policy!
- We launched amazing products that use another **ground-breaking Filipino**

ingredient—the humble *latô* in our Marine Caviar Hydro Miracle line.

All these things happened because we genuinely believe that **God wants every single Filipino to experience fullness of life and He has provided the energy and resources to accomplish far more than we can hope or imagine.** This year, we are confident that He will continue to lead us in the right direction.

Browse through the pages and pick out your favorite Human Nature products or try out some of our exciting new products such as the **Sunflower Eye Cream**, a personal must for me now that I have entered my fabulous 40s! Try out our **Sunflower Beauty +PLUS Deo Roll-on** in a refreshing new floral scent or why not stock up early on our anti-aging, powerful **SafeProtect Sunscreen**? I believe we have something for everyone! Let's keep dreaming and blazing trails this 2020!

With resolute hope,

Anna Meloto-Wilk
Co-Founder & President

Our Philosophy

As a company led by faith, success for us is not only measured by moving up the economic ladder but also by creating a culture of inclusion, compassion and shared responsibility.

Pro-Philippines

As stewards of our land, Human Nature strives to formulate world-class quality products using potent, sought-after raw materials—like coco nectar, virgin coconut oil & citronella—that can be grown locally. We prioritize Filipino suppliers to help uplift the Philippines from being a developing country to becoming a prosperous nation.

Pro-Poor

Human Nature commits to sustainably help raise the Philippines from poverty by sourcing locally at just and fair prices, producing globally competitive products, and creating upskilling and values formation programs. We give our hardworking workers and farmers dignified living wages, support local social enterprises, and give full benefits to all our employees, of which over 50% are from underprivileged communities.

Pro-Environment

Human Nature deliberately creates natural, biodegradable products from renewable resources so that our planet can be enjoyed by our children and their children. Our Natural Care Labs scientists thoroughly research all the raw materials we use to ensure they are all naturally derived, and are not processed using environmentally toxic processes that are harmful to our ecosystems.

If you're not happy with your purchase, you can return or exchange non-food products within 30 days and food products within 7 days from the date of purchase—absolutely. Because you deserve only Goodness.

ERRORS & OMISSIONS EXCEPTED. Every care was taken to ensure that all information in this magazine is current and correct. If you find an error or omission, we will correct it as soon as possible after verification. All testimonials in this magazine come solely from customers' own experiences and opinions and do not reflect the brand's official claims, nor do they constitute medical or other professional advice.

Stewarding The Earth with a Nature-loving Lifestyle

God created our world for our sustenance and enjoyment, and with it comes the responsibility of safeguarding it. **human nature commits to take persistent, consistent steps to preserve our planet's beauty for future generations.**

3 Steps to Sustainability

Creating more genuinely natural products

Our naturally formulated products' wastewater can be kind to our seas.

Producing less packaging for less waste

We reduce unwanted plastic litter through our bigger bottles and paper packaging.

Pioneering safe and accessible refilling stations

Our Home Care Refilling Stations are located at our Flagship Store, SM the Block, and SM Megamall branches.

*1 liter vs. 180ml shampoo bottles

All our Metro Manila branches also accept empty, clean and dry Human Nature bottles for upcycling.

Reef-friendly

No harmful chemicals

Reduces plastic waste up to 72%*

Packaged in paper and less plastic

Reusable & refillable home care staples

Our Natural Products

human nature is the first range of affordable, genuinely natural products in the Philippines.

Natural Care Labs: science and nature merged

A skillful team of Filipino scientists in our **Natural Care Labs** formulates each product using the latest technology in green chemistry and natural manufacturing. All products undergo **stability tests, scientific safety assessments and consumer tests**. Breakthrough products go through further clinical studies by independent third party labs, such as hypoallergenic evaluation and SPF testing.

Our microbial standards are **100 times stricter than the required standard in the cosmetic industry**, to ensure you get genuinely natural, safe products.

Goodness...it's human nature

human nature upholds the strictest standards for naturalness, human safety and environmental responsibility in our products.

We guarantee:

- ✓ Genuinely natural formulations made of at least 95% natural ingredients
- ✓ All ingredients proven safe for human use, based on peer-reviewed third party scientific literature
- ✓ Biodegradable ingredients from renewable resources
- ✓ Products are not tested on animals
- ✓ Compliance with Natural Products

crueltyfree

human nature is the first Philippine company **certified cruelty-free** by PETA, the world's largest animal welfare organization. Many of our products contain no animal-derived products and are vegan-friendly.

Loving, giving

Grace-filled journey

When babies are born, mothers are born too—glowing in the most beautiful stage of their life. They bloom through the seasons of life together as God works in them, bringing forth **fruit of peace, patience, goodness, faithfulness, joy, kindness, self-control, gentleness and love (Galatians 5:22-23)**, becoming the individuals God has designed them to be.

Journey through motherhood with **genuinely safe and honestly mild, worry-free care** from the hands of Mother Nature herself.

All our **Baby Care** products* are expertly formulated with at **least 99.3% naturalness** and are clinically-tested **hypoallergenic** to give your little one **genuinely natural care trusted by moms, safe for babies.**

Why Alum-free is Best
Aluminum compounds in antiperspirants can cause serious harm to your health in the long run by adding to the body's aluminum burden.* Skip it with alum-free, genuinely natural odor defense for your underarms.

"I like its smell, its cooling effect, its consistency, and its deodorizing properties which make my armpits fresh while still doing my everyday activities."

SafeProtect is now available in a flight-friendly 100g size! Small enough for travel, big enough for the whole family!

*Based on the July 2019 Euromonitor International Report: Sun Care in the Philippines

The coral reef photo above was taken in **Tubbataha, Philippines** - one of the most remarkable coral reefs in our planet - last April 2016 by **Boogs Rosales of Studio H2O**. Keep it colorful by choosing natural, reef-safe SPF protection.

Shields skin from aging & skin-damaging UVA rays that may cause skin cancer with the highest rated PA++++ protection

Obstructs 97% of skin-burning UVB rays with broad spectrum SPF30

Safeguards our corals with all-natural, reef-friendly ingredients

PROTECT YOUR PLAYGROUND

Save our Seas this summer and **keep our playground pristine**. We've already lost 27% of the world's coral reefs.* So use sunscreens without **oxybenzone** and **octinoxate** that are **harmful to coral reefs and marine life**. Switch to **SafeProtect** now, before it's too late.
