# Beauty with Purpose

Beauty is more than just something to aspire for. It is a mission to bring good to the world, shared and given through caring, loving and reaching out to others. When done right, it multiplies.

Beauty acts, beauty moves, beauty builds—it creates communities that aim to uplift Filipinos from poverty and fights for better lifestyle choices for others. Choices that are cruelty-free and have a genuinely good long-term impact on your health, your home, and our earth.

It's not enough to sit still and look pretty. It's time to strive for beauty that can be felt and not just seen.

## Word from Anna

Dear Friends,

We've spent the most part of the last two years exploring the great indoors playing games such as hide & seek in the dark, building forts from couch cushions, pumping up inflatable pools and simply making the most of life given the limitations on our children. It's been tough but we choose to make lemonade out of lemons. This year, the air feels different and our kids are like tiger cubs pawing at the doors of their cages ready to pounce on the world again. **There's really no stopping summer!** We're still observing safety protocols and making sure that our whole family is in the pink of health but as we were even at the start of the pandemic, we're determined to not live in fear and instead **live life to the fullest!**

I'm excited to take our kids on hikes, camping trips and other nature escapes around the country! I'll be sure to bring with me not just travel-friendly but earth-friendly family essentials such as **shampoo bars, Safeprotect for Kids, Skin Shield and feminine wash bars** and now, our newest natural **Sunflower Face Bar** which is great for all skin types meaning the whole family! Packed with nutrient-rich sunflower oil, moringa oil and cocoa butter, it's a great multi-tasking, hard-working cleansing bar that will effectively cleanse your skin without drying it out! For moms staying at home, we've **upsized your favorite Baby Wash into 1 liter** bottles to save on plastic and your budget too! Finally, check out our **new cold-processed Tea Tree Oil soap** packed with nourishing botanicals to help clean and calm our skin!

Wait, there's more! Dive into our cool summer products for both outdoor and indoor recreational activities (home spa, anyone?) My personal favorites are our **Cooling Body Cleanser, Cooling Leg Cream and Cooling Feminine Wash!** It's been described as feeling like you have air conditioning in your bathroom!

What are you waiting for? With proper planning and joyful, expectant hope, you can make this your best summer ever!

Cheering you on always,

*anna*

## Beauty With Compassion

## Pro-Philippines

We strive to create world-class products using potent, sought-after raw materials. We use Philippine ingredients and packaging wherever possible, even if they're more expensive than imported sources. We partner with local social enterprises and farming communities, purchasing at fair trade prices to help our economy flourish.

## Pro-Poor

Since day one, we've paid workers more than minimum wage — we provide living wages to ensure quality of life. We have a no firing policy for regularized workers because we believe in second chances just as God forgives our mistakes. In abundance or in scarcity, especially during the pandemic, we don't lay off workers and we commit a significant portion of our sales towards uplifting the poor.

## Pro-Environment

All our products are genuinely natural and free from harmful chemicals. We ensure that our raw materials are naturally-derived and only undergo processes that are non-toxic to our ecosystems. We commit to sustainability with plastic bottle-free formulations, upsizing options, refilling stations and recycling drop-offs where available to lessen our plastic waste.

No Harmful Chemicals  
Our Pledge to Safety

Not all personal care products are safe. Many contain chemicals known to be harmful, which are linked to cancer, hormone disruption and more, putting your health at risk. Human Nature only selects ingredients that are **proven safe** by international peer reviewed databases like the **Environmental Working Group** and the **Natural Products Association**. We follow the strict global standards for naturalness and **sustainable processing of ingredients**. Not only that, our **microbial safety** is up to 100x higher than local industry standards.

# Extra TLC for a Prettier Pout

**Did you know** that the skin is thinner on our lips and they don't have natural moisture for lack of oil glands? Dryness also leads to build-up of dead skin cells and chapping. A great way to revive your lips is to buff away dull skin and hydrate them overnight.

## BUFF YOUR LIPS TO SMOOTHNESS

1

**APPLY** a pea-sized amount of **Natural Lip Scrub** to lips.

2

Too much sun exposure is one of the biggest causes of premature skin aging.\*\* Over time, the sun's ultraviolet (UV) rays can damage the skin's elastin and collagen fibers, causing it to sag and stretch faster than expected.

Replenish lost nutrients, strengthen your skin barrier and accelerate skin renewal with **Overnight Elixir** and reveal radiant skin in the morning.

# SUMMER'S SKIN THIRST-QUENCHERS

## BATHE YOUR SKIN IN MOISTURE

There's no stopping summer! Unfortunately heat, humidity, skin dryness and irritation come with it, too. Here are tips to keep your skin refreshed and hydrated

Shower right after swimming with a mild or cold-processed soap that won't dry your skin

Take a warm shower instead of a hot one

Apply moisturizer after every shower to keep your skin hydrated

Choose Human Nature's cold-processed soaps which are more nourishing, suitable for sensitive skin and free from added detergents.

### BETTER METHOD

- ✓ Uses traditional soap-making method without heat
- ✓ Benefits of rich natural ingredients are preserved
