Thrive with Nature's Best

What's so good about choosing genuinely natural?

It's knowing you're nurturing your skin and hair with the best nature has to offer. It's a release from worry about what might harm your body.

Soon it becomes second nature to say no to harmful chemicals. Each good choice makes it easier to make the next good choice, and the next.

Choices that free you from health risks and nurture your family's well-being. Personal care options that help keep our seas cleaner and healthier. Household staples that contribute to a better quality of life for more Filipinos.

And it doesn't stop there! Your choices send a message to more brands to create safer, more natural, more sustainable, more compassionate products. So we can all have better choices. So we can all thrive.

Let's keep choosing goodness.

Plastic Recycling Partner

A Word from Camille

Dear everyone,

After two years of the pandemic and two young babies, I'm back!

It feels like we've somewhat gotten used to the new normal and that the world is slowly opening up from all the lockdowns.

Being a new mom during the pandemic came with new challenges but it also came with newfound learnings. I never knew how big my heart could swell just by being with Chewie and Ellie. I always knew being a parent was tough, but I soon discovered also that parenting can be so rewarding and full of joy.

Despite all the difficulty, inconvenience, uncertainty (not to mention mom guilt) that the pandemic has brought, I hope we can try our best to notice the little things that bring a smile to our face.

I'm very thankful for more opportunities to make my growing household more sustainable, like our (also growing!) line of plastic bottle-free products, the newest of which appear for the first time in this issue: the **Balancing Face Bar** and the **Peppermint Strengthening Shampoo Bar**.

I'm also thankful we finally have a **Cooling Lotion** just in time for the hot season.

I'm grateful for Sundays that we keep sacred for rest, reflection and being aware of the good things we have going on in our life.

I am thankful for this season of learning firsthand how children are truly gifts from God and are daily reminders of God's goodness.

What are you thankful for these days?

Our Philosophy

Genuinely Natural

Pro-Philippines

We strive to create world-class products using potent, sought-after raw materials. We use Philippine ingredients and packaging wherever possible, even if they're more expensive than imported sources. We partner with local social enterprises and farming communities, purchasing at fair trade prices to help our economy flourish.

Pro-Poor

Since day one, we've paid workers more than minimum wage — we provide living wages to ensure quality of life.

We have a no firing policy for regularized workers because we believe in second chances just as God forgives our mistakes. In abundance or in scarcity, especially during the pandemic, we don't lay off workers and we commit a significant portion of our sales towards uplifting the poor.

Pro-Environment

All our products are genuinely natural and free from harmful chemicals. We ensure that our raw materials are naturally-derived and only undergo processes that are non-toxic to our ecosystems. We commit to sustainability with plastic bottle-free formulations, upsizing options, refilling stations and recycling drop-offs where available to lessen our plastic waste.

Means No Harmful Chemicals

All Human Nature formulations are at **least 95% natural** in its entirety (excluding water) and **do not contain harmful chemicals** linked to serious health risks.

Why Risk it?

Even "small" health risks add up in the long run.

Little compromises, tiny amounts of harmful chemicals in the products you use daily build up into real, serious risks for your skin, your body, and your family.

Watch out for

-  **SLES or cocamidopropyl betaine** in shampoos and home cleansers, which cause irritation or contact sensitization
-  **Synthetic fragrances with phthalates** in synthetic personal care products, linked to endocrine disruption
-  **Aluminum chloride** in antiperspirants and deodorants, an immune and respiratory toxicant, linked to breast cancer risk
-  **Triclosan** used in antibacterial hand soaps and sanitizers, an endocrine disruptor
-  **Mineral oil** in lotions and moisturizers, a human toxicant or allergen
-  **Parabens** used as artificial preservatives in cosmetics, which can harm reproductive health
-  **DEET** in insect repellents, a skin and eye irritant when used in high concentrations

humanⁿature Our Natural Ingredients

Enjoy peace of mind when you switch to safer and healthier genuinely natural alternatives that are free from harmful chemicals!

-  **Coconut-derived cleansers** gently lather skin and hair without stripping away natural oils
-  **Natural fragrance oils** let you smell good without compromising your health
-  **Plant-based deodorizing actives** help control odor without blocking the release of sweat
-  **Sugarcane alcohol** kills germs without the health risks
-  **Sunflower, avocado or soybean oils** moisturize and nourish skin safely
-  **Plant-derived preservatives** prolong the shelf life and quality of natural products
-  **Citronella oil** repels mosquitoes safely, even for children and infants
