## Beauty that Transforms

### Our love story

human♥nature began as an act of faith in God and love for the Filipino. This is why we keep giving the best of our talents and resources to transform the lives of the working poor, in every way we can: No firing policy. Dignified pay beyond minimum wage. Rest day for all on Sundays.

Each product we create is a pledge to this mission to help bring Filipinos out of poverty and build a strong, new, inclusive middle class. We encourage other businesses to likewise find ways to use their policies and profits to uplift the lives of many Filipinos and fix the systems that will allow all people to flourish without leaving anyone behind.

## Anna Speaks

Dear Friends,

It's September, the start of the -BER months! Normally, we'd be hearing Christmas songs and getting in the festive spirit by now but things are a lot different in 2020. Despite the somber mood, I hope that we are still able to show love and care to one another especially those who are suffering the most—our heroic frontliners, the poor and businesses who have struggled or closed in the pandemic. Now more than ever, it's time that we extend compassion. We've got dozens of discounts and exciting offers in this issue to help you show your loved ones that you care for them deeply even from a distance. Check out our offers on pp.14-19 and pp.40-41, and send a care package to someone today.

Leading our new products for this issue is our **Human Nature Shampoo Bar for Men** that has been proven to be equally as effective and well-loved as our Moisturizing Shampoo Bar. With this new addition, **Human Nature is leading the way in sustainable cosmetic products and challenging the old notions that everyday goods always need plastic packaging.** Equally exciting is our **Human Nature Sensitive Gel Toothpaste** packed with soothing actives to help heal and protect teeth and gums. Finally, our new and more moisturizing **Salon Care Conditioner** joins our Salon Care Sulfate-free

Shampoo in becoming some of the best system use products for colored and treated hair. Don't forget to check those out on pp.6-11.

Thank you so much for the super warm reception that you gave to our new and improved magalogue in July! **Simplifying has really been one of the most important lessons of the lockdown and we've taken that learning in redesigning our magalogue to make it sleeker and more hard-working for our dealers.** It has less paper so it's less waste and less strain on the environment and the information has been organized to help our dealers find our new products, exciting promos and informative price lists more easily.

Stay safe, stay well and let's continue to strive to **#lovegenuinely** in these challenging times.

With resolute hope,

*Anna*

## Our Philosophy

As a company led by faith, success for us is not only measured by moving up the economic ladder but also by creating a culture of inclusion, compassion and shared responsibility.

### Pro-Philippines

As stewards of our land, Human Nature strives to formulate world-class quality products using potent, sought-after raw materials—like coco nectar, virgin coconut oil and citronella—that can be grown locally. We prioritize Filipino suppliers to help uplift the Philippines from being a developing country to becoming a prosperous nation.

### Pro-Poor

Human Nature commits to sustainably help raise the Philippines from poverty by sourcing locally at just and fair prices, producing globally competitive products, and creating upskilling and values formation programs. We give our hardworking workers and farmers dignified living wages, support local social enterprises, and give full benefits to all our employees, of which over 50% are from underprivileged communities.

### Pro-Environment

Human Nature deliberately creates natural, biodegradable products from renewable resources so that our planet can be enjoyed by our children and their children. Our Natural Care Labs scientists thoroughly research all the raw materials we use to ensure they are all naturally derived, and are not processed using environmentally toxic processes that are harmful to our ecosystems.

# Stewarding Sustainability

God created our world for our sustenance and enjoyment, and with it comes the responsibility of safeguarding it. **human♥nature** commits to take persistent, consistent steps to preserve our planet's beauty for future generations.

## reduce

### Shifting to more sustainable packaging

We are currently moving to more earth-friendly alternatives in packing our products.

### Bigger variants

mean less shopping trips, more savings and less plastic waste!

### Did you know?

The Philippines is at the center of the center of the world's marine biodiversity, yet we are one of the top sources of plastic waste that threaten our rich ocean life!

## reuse

### Cut down the use of plastic by refilling your daily home care products!

Our Home Care Refilling Stations located at our Commonwealth Flagship Store and SM The Block Branch allow you to refill select Human Nature Home Care Bottles.

### Mainstream Refilling

Did you know? There's an ongoing petition for the safe refilling of cosmetic products. Take one step closer to preserving our planet!

Mainstream Refilling

Our non-recyclable plastics do not end up in seas or landfills. In partnership with

### geocycle

unusable Human nature bottles are transformed to alternative fuels for cement manufacturing to contribute to a circular economy.

## recycle

We accept clean, empty plastic bottles in all our Metro Manila branches.

## Our Natural Products

**human♥nature** is the first range of affordable, genuinely natural products in the Philippines.

### Natural Care Labs: science and nature merged

A skillful team of Filipino scientists in our **Natural Care Labs** formulates each product using the latest technology in green chemistry and natural manufacturing. All products undergo **stability tests, scientific safety assessments and consumer tests**. Breakthrough products go through further clinical studies by independent third party labs, such as hypoallergenic evaluation and SPF testing.

Our microbial standards are **100 times stricter than the required standard in the cosmetic industry**, to ensure you get genuinely natural, safe products.

## Goodness...it's human♥nature

**human♥nature** upholds the strictest standards for naturalness, human safety and environmental responsibility in our products.

### We guarantee:

- ✓ Genuinely natural formulations made of at least 95% natural ingredients
- ✓ All ingredients proven safe for human use, based on peer-reviewed third party scientific literature
- ✓ Products are not tested on animals

crueltyfree

**human♥nature** is the first Philippine company **certified cruelty-free** by PETA, the world's largest animal welfare organization. Many of our products contain no animal-derived products and are vegan-friendly.
